

112A

OFFICE OF THE GENERAL COUNSEL
INFORMATION FOR THE DIRECTOR'S LOG

Submitted: 2 July 1951

1. Mr. Wolf, Colonel Baird and Mr. Houston discussed with Mr. Ramspeck, Chairman of the Civil Service Commission, and Messrs. Moyer and Winslow of the Commission, the Agency's career program. After a general statement of CIA aims and their desire to cooperate in all respects with the Commission's policies and desires, attention centered on the extension of accelerated retirement benefits for career employees of CIA in certain categories. Mr. Ramspeck was sympathetic to the idea but queried whether the law could be interpreted to guarantee the desired results. At their suggestion, CIA will inspect legislation which is about to be submitted by the Department of Justice to determine whether appropriate wording could be inserted to cover CIA without appearing actively in support of the Bill.

LAWRENCE R. HOUSTON
